## GERBIL ADOPTION APPLICATION

This application includes questions on how to care for pocket pets. Be sure to do lots of research on the species you are looking to adopt before you fill out this form. Please note that errors are often encountered when filling this form out from a cell phone or tablet. For best results, please fill out from a computer; Chrome browser recommended. Please allow at least three business days for a response to your application, MNPPR is a 100% volunteer-run rescue and your patience is appreciated. Please note, the distance from the foster to adopter's location is taken into consideration when approving Critter Courtships. For all other adoptions, we will only consider applicants from the following states: Minnesota, lowa, North Dakota, South Dakota, and Wisconsin. Please also note that we are not able to proceed with applications that are for classroom or store pets.

GERBIL QUESTIONS
Please answer the following care questions regarding the care of the species you are applying to adopt. You can check out our care guides <a href="https://example.com/here">here</a> . Incorrect answers will NOT disqualify you from adopting! These questions are about knowledge and learning so that animals in our rescue are given the best care possible! A member of our Adoption Team will review your answers and reach out to you with any feedback and to answer any questions you may have.
All information shared by MN Pocket Pet Rescue is researched, up to date, and accurate to the best of our ability. We are not a licensed veterinary organization and do not intend to present ourselves as such. All educational material contains our best recommendations for care specific to each species. However, all animals are different and some may have unique needs. MN Pocket Pet Rescue does not assume any liability for the well-being of any animal not under our care. Always use your best judgment and follow veterinary recommendations whenever necessary. If you have any questions or find inaccurate information please contact us.

Are you prepared for an extended adjustment period for you, your new pet(s) and your current pets? Pocket pets are very sensitive creatures and being moved to different homes can be extremely stressful for them. It will take some time for them to adjust to their surroundings before they come out of their shell or let you handle them. Check out our page on bonding for tips: https://www.mnpocketpetrescue.org/bonding Mark only one oval. Yes. No. Not sure. Other: What circumstances would require you to return this pet? \* What will you do with your new pet(s) if you go out of town? \* Mark only one oval. I have a friend or family member who is comfortable and willing to care for this species. I have a pet sitter that I use for my other pets who is comfortable caring for this species. I will need a recommendation for a pet sitter. Other: What vet do you plan to take your new pet(s) to? \* Clinic name and contact info. Be sure your vet sees this species! Please indicate if you need a recommendation. Are you willing to provide your new pet(s) with all necessary vet care for the duration of its life? \* Do you agree to never house unaltered, opposite sex pocket pets together? \*

Do you agree to return this pet to MN Pocket Pet Rescue if for any reason you are unable to keep it? \*
